Date	Speaker	Affiliation	Title/Topic	Contact
Sep 5	NO SEMINAR			
Sep 12 IN PERSON	Pablo Visconti, PhD	Professor, Department of Veterinary and Animal Sciences, College of Natural Sciences, University of Massachusetts Amherst	"Sperm Signaling in ART and Science"	Elizabeth Snyder
Sep 19 HYBRID	Kenneth H. McKeever, PhD	Professor, Department of Animal Sciences, Rutgers Promotion Seminar	"Recent Studies of E-4021, a Type-5 Phosphodiesterase Inhibitor, as an Alternative to Lasix for the Treatment of Exercise-Induced Pulmonary Hemorrhage in Race Fit Horses"	Nick Bello
Sep 26 IN PERSON	Christy M. Gliniak, PhD	Assistant Professor, Department of Nutritional Sciences, Rutgers EAB Faculty Nomination Seminar	"Inside Fat: Discovering How Adipose Tissue Shapes Health and Disease"	Carey Williams
Oct 3 IN PERSON	Mark A. Rossi, PhD	Assistant Professor, Department of Neuroscience & Cell Biology, Rutgers University - Robert Wood Johnson Medical School EAB Faculty Nomination Seminar	"Hypothalamic Circuits Controlling Feeding and Body Weight Regulation: Implications for Obesity"	Carey Williams
Oct 10 IN PERSON	Victoria Appel	EAB MS Student, Rutgers Research Update	"Effects of Chronic Social Stress on Avoidance Behavior in an Estrogen Receptor Alpha Knockout Mouse Model"	Carey Williams PI: Troy Roepke
Oct 17 IN PERSON	Cameron Hamson Morgan Atkinson	EAB PhD Students, Rutgers Research Updates	CH: "The Neonatal T Surge and the Programming of Adult Metabolism Across the Sexes" MA: "Peripubertal BPA Exposure Suppresses Motivation via the Orexin System"	Carey Williams PI: Troy Roepke
Oct 24 IN PERSON	Saad Farooq	EAB PhD Student, Rutgers Research Proposal	"The Integrated Stress Response (ISR) and Autophagy"	Carey Williams PI: Tracy Anthony
10/28 (Tues.)	10 am - 3pm Busch Student Ctr.	<i>Pioneers in Endocrinology: Endocrinology of Bone</i> Speakers: Gustavo Duque, MD, PhD, Dr. Joseph Kaufmann Chair in Geriatric Medicine, McGill University; Director, The Simone & Edouard Schouela RUISSS McGill Centre of Excellence for Sustainable Health of Seniors Clifford J. Rosen, MD , Director of Clinician and Translational Research, Senior Scientist, Maine Medical Center Research Institute; Professor of Medicine, Tufts University School of Medicine		Dipak Sarkar

Oct 31 IN PERSON	Yeva Shamailova	EAB PhD Candidate, Rutgers	YS: TBA	Carey Williams
	Alexis Birch	EAB PhD Student, Rutgers	AB: "Preliminary Analysis of Common Dandelion for Potential Inclusion in the Diets of Grazing Animals"	YS PI: Elizabeth Snyder
		Research Updates		AB PI: Tess Stahl
Nov 7 IN PERSON	Stephanie Totilo	EAB PhD Student, Rutgers	"The Effects of Prenatal Alcohol Exposure on the Mammary Gland Transcriptome and Epigenome"	Carey Williams PI: Wendie Cohick
		Research Proposal		
Nov 14 IN PERSON	Tess Stahl, PhD	Assistant Professor and New Jersey Extension Livestock and Dairy Specialist, Department of Animal Sciences, Rutgers	"From Research to Farm: Extension and Research Updates"	Nick Bello
		Reappointment Seminar		
Nov 21 IN PERSON	Jessica Plavicki, PhD	Associate Professor, Department of Pathology and Laboratory Medicine, Brown University, Providence, RI	TBA	Troy Roepke
No seminar on Friday November 28 – Thanksgiving Recess (November 27–30)				
Dec 5 IN PERSON	Wambura Fobbs, PhD	Assistant Professor, Psychology Department, Swarthmore College, Swarthmore, PA	TBA	Bridget Matikainen-Ankney
Classes end December 10; Reading Days December 11-12; Exams December 15–22
